To: BDAC Ecosystem Restoration Members and Invited Participants

From: Mary Selkirk, BDAC Ecosystem Restoration Work Group Chair

Subject: BDAC Ecosystem Restoration Work Group

The next meeting of the BDAC Ecosystem Restoration Work Group will be held on **Thursday, July 24, 1997 from 1:30 to 4:30 p.m. in Room 1412 of the Resources Building, at 1416 Ninth Street, Sacramento, CA.** An agenda for the meeting is attached (Attachment 1). A summary from the June 25, 1997 Work Group meeting is also attached (Attachment 2).

The objective for the next meeting is to continue the discussion of the scientific review of the Ecosystem Restoration Program Plan (ERPP). The primary focus of the meeting will be to review the draft questions (revised based on comments from the last meeting) proposed for deliberation by the panel. Attachment 3 is the revised version of those questions.

Additionally, we will focus on the issues that need to be highlighted and addressed in the development of the background materials and presentation for each question. What we intend to do is to ensure that the technical presentations to the scientific review panel capture the diversity of opinions relative to the questions. We will be asking the Work Group to help us identify the principal controversial issues which we will use in outlining the background materials.

We look forward to your participation at the next meeting.
